## Do you have a hearing loss?

**D**o you have a hearing loss? Does your loved one have a hearing loss? Are you interested in meeting other people with hearing loss and learning how they cope with situations in which it is difficult to hear, such as restaurants, and on the telephone? The Hearing loss Association of America, Greater Baltimore Chapter is for you.

We are a chapter of the Hearing Loss Association of America. HLAA was founded many years ago by Rocky Stone. Rocky lost his hearing in his teens, and was frustrated with the lack of information and adequate resources for people with a hearing loss.

We hold meetings that feature speakers who educate about hearing loss, hearing assistive devices, and issues related to making society accessible to people with hearing loss. We educate and advocate on behalf of ourselves and others with hearing loss. We share experiences with a spirit of understanding and camaraderie.

Our meetings are free of charge and fully open to the public. Assistive listening devices, sign language interpretation and friendly people are available at all our meetings. Live captioning is available at our evening meetings.

**Morning /Evening meetings are looped.**

## You are not alone with hearing loss.

**L**ocal chapters of the Hearing Loss Association of America are formed and run by volunteers and offer support, education, advocacy and social activities. Chapters consist of friendly people who gladly share their experiences coping with hearing loss. Come meet with others who cope with hearing loss.

HLAA chapters support themselves through fundraising efforts such as the annual Walk4Hearing and donations from the community and Chapter members. Please consider joining the Hearing Loss Association of America, Greater Baltimore Chapter. Your support helps keep this Chapter operating and is greatly appreciated. Thank you.
