

You won't forget "A Journey In To Deafness."

We invite you to come be inspired by Adele Millwood's true story, as told to us by Adele and her husband, Randy Millwood.

From being born hearing, to growing up, getting married, and starting to raise a family, Adele suddenly began to lose her hearing at age 32, went "downhill" for 16 years, and eventually became totally deaf. The chapters of her challenging story are: A Spouse's Perspective... The Beginning of the Journey... The Roller Coaster Ride...and The Opportunities That Come From Being Deaf.

After overcoming many challenges and obstacles, Adele today wears two cochlear implants, and is herself a Cochlear Implant Technician with the Presbyterian Board of Governors Cochlear Implant Center of Excellence at GBMC!
